A Living Memory LGBT History Timeline was adapted by the Safe Schools Coalition from a document by Loree Cook-Daniels of FORGE (For Ourselves: Reworking Gender Expression) http://www.forge-forward.org/ and TAN (The Transgender Aging Network) http://www.forge-forward.org/tan/

Her original document is Living Memory LGBT Timeline: Current Elders Would Have Been This Old When These Events Happened...
It is posted online at http://www.forge-forward.org/handouts/LGBT_elder_timeline.pdf

Loree wrote:

“LGBT people who are now aged 50 - 100 (i.e., elders) have lived through a lot of changes in how the wider society views LGBT issues. Even those who know LGBT history well may forget just how much of it elders have personally lived through. Those who are younger and/or see how much progress the LGBT movement has made may not fully recognize how often advances have been accompanied by setbacks, and may therefore find it harder to understand the level of fear and uncertainty that may be felt by LGBT people who are old enough to remember losing rights that had previously been won.”
