

Organizational Membership

Your organization can join the Safe Schools Coalition and play an important part in its vital work. Basic dues depend upon the size of an organization, but we invite you to contribute more or less depending on your ability to pay and/or to negotiate an in-kind alternative to "dues" if yours is a government agency or is, for any other reason, unable to make a financial commitment to the Coalition. These standards are suggested and negotiable. Do not let dues stand in the way of your joining the Coalition.

The Safe Schools Coalition

The Safe Schools Coalition is a growing partnership of more than 70 *community organizations*, school and government agencies, churches, youth groups and individuals working together to protect every child from the torment of bullying based on perceived sexual orientation.

What The Coalition Can Do For You

ADVOCACY (WA State only) — If you, your child or your students are having a problem with anti-gay harassment at school and you don't know how to solve the problem, contact us!

TRAINING — If you or your staff want help making your school climate more respectful toward sexual minority students, if you want to organize a bullying or malicious harassment workshop, contact us!

POLICIES — If you want to protect your school and district from lawsuits and learn what other schools and systems do to protect their staff and students, contact us!

RESOURCES & INFORMATION — If you need curricula, videos, books, and posters that teach students and staff about GLBTQ issues in age-appropriate ways, contact us!

COMMUNITY EDUCATION — If you need proof that anti-gay harassment happens everywhere in urban, suburban and rural communities in elementary, middle and high schools, we have research findings and actual reports to share with your Board, your staff or your parents.
